FOR IMMEDIATE RELEASE

## **Morbark Adds Komatsu Forest to International Dealer Network**

Winn, Michigan (October 31, 2011) – Morbark is pleased to announce it has signed a dealer agreement with Komatsu Forest, Ltda., to represent the Morbark recycling and forestry equipment lines in the country of Brazil.

Komatsu Forest has an extensive service and after-sales network with global availability of spare parts and professional advice. Komatsu Forest's Brazilian operations are based out of Pinhais, in Parana State, with branch locations in Três Lagoas, Posto da Mata, Eunápolis, Belo Oriente, Conceição da Barra, Aracruz, Vitoria, Andradina, Cacapava and Bauru.

"We look forward to our relationship with Morbark and see this opportunity as another way to support our customers and ensure their success," Komatsu Forest's Morbark Equipment Specialist, Felipe Fuck comments.

"We are excited to partner ourselves with such a well-established and respected company," adds Rob Wenzlick, International Sales Manager for Morbark. "We're confident the Komatsu Forest and Morbark partnership will provide the highest level of value to the wood processing customers in Brazil."

**About Komatsu Forest, Ltda.:**

Komatsu Forest is the manufacturer of Komatsu forest machines and a pioneer in the area of mechanized logging. With a passion for technology, a thorough business understanding and product development that merge productivity, ergonomics and environmental strong points into cutting edge advantages, they continuously expand the forestry possibilities. Komatsu Forest is part of the Komatsu Corporation. For more information, visit [www.komatsuforest.com.br](http://www.komatsuforest.com.br).

**About Morbark:**

Morbark, Inc., based in Winn, Michigan has been innovating and manufacturing durable, high performance equipment for the forestry, recycling, tree care, bio-energy and sawmill markets for more than 50 years. Morbark equipment helps customers harvest, process, and convert wood and other organic materials into valuable, useful and profitable products.
